Cowley Brothers Appointment Excites U's Supporters

Colchester United have appointed Danny Cowley as new Head Coach.

The U's, who are sponsored by Workhorse Group, have worked quickly to secure their number one target, with Danny (right) taking charge immediately alongside his brother Nicky (left).

It is a return to Essex for the duo, who started their management careers together at Concord Rangers. Three promotions with Rangers saw them move to Braintree Town, and subsequently Lincoln City.

They then took Lincoln from the National League into League One, and also led them on a fantastic FA Cup run whilst still in non-league.

The Imps beat Championship sides Ipswich Town and Brighton & Hove Albion and Premier League Burnley in an FA Cup run that ended with defeat against Arsenal in the Quarter-Finals.

Moves to Huddersfield and Portsmouth followed, and the Cowleys now return to football management at the U's.

News of the appointment has sent a buzz around the City, with a positive response from fans across social media.

We look forward to cheering on the team with Danny and Nicky at the helm and hope to see the U's climb the league table in 2024.

The Cowley's take charge of their first match on January 6th, with the U's travelling to Swindon Town.

Hitting the Road in '24

Christmas may be only just over but our crews are busy up and down the country on domestic and commercial removals.

The New Year has already meant new business and the TRANSDEC team were delighted to receive the following feedback from a new commercial customer following a recent HQ move, "We have been really pleased with the service, all of the crew were brilliant – efficient, patient and friendly which is obviously ideal as moving is stressful".

And January isn't letting up, with moves as far away as Cornwall already in the diary our crews are looking forward to the work ahead.

Our fleet and crews travel all over the UK so wherever you are call us on Freephone 0800 169 9309 or visit www.transdec.co.uk
