

# ReWORK

## TRANSDEC Delivers Increased Social Value for Customers

When customers instruct TRANSDEC to remove and store their office furniture, they have the additional option, should they no longer require the furniture, of donating it for re-use, saving the further expense and environmentally damaging option of landfill.

If this option is taken, the furniture is then stored in one of TRANSDEC's ReWORK warehouses and itemised, then it is added to their ReWORK website for viewing by approved charities, educational facilities or start-up businesses.

Re-use benefits communities across the UK as well as the environment. With the fully transparent process, our customers have full access to individual furniture details and receive official certification when it is re-homed.

## ReWORK to Support the Kilmarnock FC Foundation

Following a request via Workhorse Generation, TRANSDEC are currently preparing the donation of much needed furniture for Kilmarnock FC's Community Hub through its ReWORK initiative.

Based at their Community Hub at Rugby Park Stadium, Killie's Foundation work with people from across Ayrshire representing all ages, stages, backgrounds and circumstances. We'll have a full report in our November newsletter.

Office furniture for RE-USE

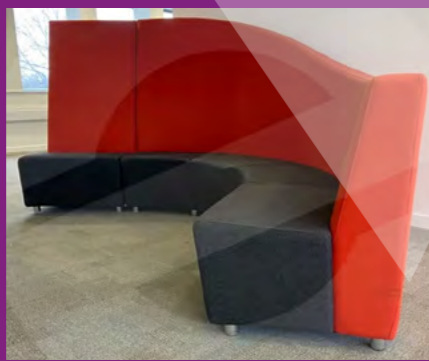

# Take Advantage of Being Able to Re-Use Your Own Furniture!

By choosing TRANSDEC, companies automatically benefit from a short review buffer in the re-distribution process for unwanted furniture. This time has been used by some customers to evaluate their Estate requirements and, on occasion, they choose to re-use furniture they have already approved for ReWORK.

ReWORK isn't a tick-box solution. The process of removal to re-use is detailed and transparent. This means that we can guarantee you will be aware of the journey your used furniture has taken and where it has been re-used.

Once the furniture is re-homed, the donating company receives an official certificate with date of re-use and the details of the end user. The ReWORK website has news features and latest project information, ensuring that the benefits of re-use are clearly identified and highlighted.

## HOW TO DONATE TO ReWORK

ReWORK is a Social Value initiative from TRANSDEC Moving Business. Where traditionally TRANSDEC would have been paid to undertake a commercial office move and then also paid to dispense of any unwanted furniture, including shipping costs.

With ReWORK, customers pay TRANSDEC for the commercial office move and also for the cost of removing and warehousing any unwanted

furniture for a period of six months. In return ReWORK host a dedicated website for listing and promoting furniture for re-use. Once furniture has been requested and approved for donation, it is done so at no cost to the recipient.

TRANSDEC and ReWORK could not offer this much needed service without the help of TRANSDEC customers.

To become a customer or to receive a quote for commercial removals and/or storage, please call TRANSDEC on Freephone: 0800 169 9309 or visit our website at [www.transdec.co.uk](http://www.transdec.co.uk)

# Could TRANSDEC Help Your Community?

TRANSDEC, through its ReWORK initiative are always looking for suitable recipients of re-use office furniture.

If you think we can help you, please get in touch via the [www.reworktogether.co.uk](http://www.reworktogether.co.uk) website or email [info@reworktogether.co.uk](mailto:info@reworktogether.co.uk)

# TRANSDEC Host Scottish Family Business Road Trip

TRANSDEC recently hosted Family Business United Director, Paul Andrews, and a number of visiting guests on FBU's one week long road trip of Scotland. The meeting took place at the Falkirk Stadium where East Stirlingshire Football Club, who are sponsored by TRANSDEC and ReWORK, ground share with Falkirk FC.

TRANSDEC Director, Simon Dickerson, was delighted to welcome Paul and his FBU contingent. Simon was joined by East Stirlingshire FC Community Director, Fraser Cromar, who detailed the work that TRANSDEC, ReWORK and TRANSDEC's charity hub Workhorse Generation have already done with the club and its surrounding community as well as other Scottish football clubs.

Simon said, "I'm delighted to welcome Paul and his guests to the Falkirk Stadium on their Family Business Road Trip. TRANSDEC are busy setting roots in the Stirling and Falkirk area due to business growth in Scotland and northern England."

"With TRANSDEC being a family business since 1986, we are proud members of FBU, the organisation that champions family businesses globally."

# Long and Short Distance Moves are Delivered by WH Short's Fleet

Since 1974 WH Short have moved many customers to and from their local villages and towns but they also move people much further afield!

The team at WH Short Removals and Storage have an extensive fleet of vehicles available to them to cover all domestic removal requirements. From HGV to Lutons and Crew Cabs (all with their own names!), WH Short have multiple cubic feet options that ensure competitive pricing and stress-free moving.

These smartly branded vehicles travel with our skilled crews who are the proud trusted custodians of our customers' prized life possessions!
